

Why Rose Oil?

100% pure and natural rose oil produced in Bulgaria from the petals of *rosa damascena* species.

Sustainable production system with respect to the environment and our planet. Our oils are eco friendly and produced with the ecosystem in the center of all. No chemicals used.

Best product quality is achieved by using special plants, carefully curated to produce the highest possible quality of rose oil.

Our production meets all the International set quality standards and is safe for everyday use.

Aetherial

Top quality 100% pure and natural rose oil with pharmaceutical grade

Our Rose oil is produced exclusively from the petals of “*Rosa Damascena*” with every step of the process, from plantation to distillation and packaging, closely monitored by field experts with years of experience to achieve the same top premium quality in every batch.

What can Rose oil do for you?

Relaxation

In your quest seeking relaxation and a stress free day Rose oil can be one of your greatest allies. Rose aroma relaxes our nerves and rejuvenates us.

Perfumery

Rose oil has long been one of the basic ingredients in perfumery. Its characteristic sweet fragrance is vital to many perfume mixes for optimal exceptional results.

Skin Care

Rose oil helps balance moisture levels in the skin and reduce the appearance of skin imperfections. Promotes an even skin tone and healthy-looking complexion.

Air Fragrance

Add Rose Oil to a household diffuser and let the sweet fragrance fill the room with its relaxing and soothing effect.

Health Benefits

Rose oil has a vast variety of health benefits. Research has confirmed it to be effective in skin applications, pain reduction, and libido increase.

Soap & Candles

The pleasant aroma of Rose oil, combined with its relaxing and moisturising properties make it one of the best ingredients to use when making candles and soaps.

Improved Sleep

Rose oil greatly improves your sleep quality. Its relaxing properties greatly help you get a good sleep. Mist spray your pillow and witness the results.

Topical use

Apply one drop of Rose oil directly to skin imperfections twice daily and enjoy its moisturising, rejuvenating, stimulating, and harmonizing effects.
